

Students

1. How did it feel?
2. Based on the report you received, what kinds of things did you anticipate?
3. What did you notice about the patient?
4. What were your priorities?
5. If you could rewind this scenario, is there anything you would want to do differently?
6. As a nurse, how did you advocate for the patient?
7. Beyond physical assessment, what things did you notice?
8. Noticing is not a state that stops—you keep assessing—VS, IV fluids, UO
9. How was it working together?
10. Now that you have taken care of....for xxx minutes, what are you going to do for the rest of your shift?
